A DESPATCH from Charleston, West Va.,

Since the murder of the Gibbons children at Ashland, Ky., it has been maintained by Eureka detectives here that two negroes are guilty of the murder. One and the other has been followed up until the derectives have located one negro. Strong affidavits have been secured in this city pointing directly to a negro who is still at large. His who sabouts are known, and next week he will be arrested and brought to this city. The rumor that he was in our jail is false. Affidavits have been sent to Neal and Craft counsel at Catletts-burg, Ky., which started the report i lat the negro had made a confession in jail.
